Description

Villa Alba is a new property completely restored and renovated by the actual owners who decided to create the perfect alchemy between the typical characteristics of the Tuscan country house and the modern facilities and looks like a 'cosy' country home. There are terracotta floors on the ground floor and beautiful, vaulted ceilings in the basement. The results are simply breath-taking. Once you will arrive at the house, after the wood, you will have the feeling to be in another world. Private, infinity on top of the world. From the time you will jump out the car, immediately you will want to discover the house and admire the view. The swimming pool is panoramic, the house is bright and comfortable. You will stand both inside and outside to admire the open view on the valley. The new modern kitchen, the open dining room and the living area are perfect for spending time inside the house while joining a real Tuscan meal and tasting glass of wine and, for the ones with children the large taverna is magical for the kid's entertainment.

The entrance opens on the bright living room with dining table, sofa and TV corner, and a modern kitchen equipped with dishwasher. French doors characterised this level. From the living room you can access to the terrace equipped with table for dining. A WC is also on this floor. A staircase of 16 steps leads you to the first floor composed by two double bedrooms and a bathroom with shower.
Another staircase, of 18 steps, from the living room leads you to the basement *(windows at the height 1.70 mt only for air and light, no view)* which is made of a double bedroom with en-suite bathroom with shower, a dining room with corner kitchen and fireplace, a changing room with bathroom with shower and access to the outdoors.

The property is surrounded by 5000 square meters of fenced garden characterised by typical plants and flowers. In the garden take place a spectacular panoramic swimming pool of about 11 x 6 m with a variable depth from 1.20 m to 2.50 m and has salt depuration. It also has an automatic pool cover ideal for the nights or for secure the pool from kids. Next to the house there is a useful well-equipped barbecue with pizza oven ideal for pizza cooking lesson!

Discover the nature walking around the woods which surround the house. To arrive at the property, you will need to drive along an old village, very rustic, and take part once a week at the weekly market where you can buy fresh fruit and local fresh vegetables.

Villa Alba is the perfect place for spending relaxing vacation immersed in the nature and at the same time close to the most important cities of the Northern part of Tuscany.
