Description

The Chalet Queen Mijane, located in the hamlet of Méribel Village, is a luxury chalet with swimming pool that will make some envious. In a quiet area of the bustling Méribel, the chalet Queen Mijane is the perfect combination of traditions and modernity.

The chalet Queen Mijane is located in a quiet area, lined with pine trees and mountains. This real Savoyard chalet adopts all the exterior aspects: clear wooden planks make up the facades and the grey stone of the country shape the two lower floors while its interiors reflect the evolution of the traditional style towards the contemporary atmosphere, while integrating traditional alpine codes.

This luxury chalet with swimming pool has a contemporary and refined decoration that highlights architecture and interior architecture in communion with the landscape, realised by Jean-Michel Villot. The chalet Queen Mijane is open to the outside, large bay windows bring natural light that matches the raw materials used throughout the chalet. The ubiquitous wood under various species, accompanied by the stone that comes in different shapes and colours as well as the thick fabrics typical of alpine constructions form a cosy ensemble in which it is good to spend holidays.

The 12 guests of the Queen Mijane chalet will find their haven of peace in one of the 5 rooms of this sublime chalet. Among these night spaces, adults will be able to choose between the 3 double rooms and the Master suites for moments of privacy and calm after a long day on the slopes, while the younger ones will take refuge in their room with 2 bunk beds where they can transform into super heroes and sail according to their adventures. Each room allows you to escape a little more thanks to their terraces, from which you can admire the surrounding nature.

Going from your rooms to the dining area before going for a swim will be a breeze, a staircase and an elevator serve all floors of the Queen Mijane chalet. The living space is very sober, in the grey and beige tones that characterize the contemporary trend. The dining room is separated from the living room by a sublime stone fireplace. These two spaces have beautiful volumes, decorated with a library and a piano in the living room. The semi-professional kitchen will delight the scullions and can be separated from the common area by a sliding door.

On your return from skiing, enjoy the benefits of water in the wellness area. Relax your muscles by performing a swim in the mirror pool overlooking the pine trees or let yourself be carried away by the warmth of the stunning stone Hammam.

The Queen Mijane chalet is ideal for a family looking for all the modern comforts in a chalet in the mountains. This luxury chalet with swimming pool is one of the most beautiful built in Méribel Village.
